THE 120TH ANNUAL REPORT
OF THE OHIO DEPARTMENT OF INSURANCE

This is the 1987 Annual Report for the Ohio Department of Insurance and is submitted in compliance with section 3901.14 of the Ohio Revised Code.

In 1987, the Department successfully completed several major investigations. One, which involved municipal liability insurance premium overcharges, resulted in refunds or adjustments of approximately $4 million to Ohio cities and counties. The refunds exceeded the Department's entire 1987 operating budget of $3.5 million.

Following the 1986 collapse of Abstract & Title, a Cleveland title insurance agency, the Department launched a 14 month investigation and liquidation which resulted in 100% reimbursement for losses to affected home buyers and sellers. Years of litigation and thousands of dollars in expenses were avoided.

Ohio businesses benefited from a Department investigation of an I.S.O. product liability filing. I.S.O., a major rate filing organization, withdrew it's 30.6% product liability insurance rate increase at the direction of the Department.

To maintain effective regulation for Ohio consumers and the insurance industry, the Department has supported legislation which:

- permits the Department, as liquidator, to generate increased liquidation assets for distribution to policyholders and creditors through the sale of a corporate shell.

- provides for Department regulation of home warranty companies and home service contracts.

- establishes pre-licensing educational requirements for insurance agents.

- reforms health maintenance organization laws regarding capital and surplus requirements, recognition of assets, and deposit requirements.

- Legislation to create a Life/Health Guaranty Fund has also been supported by the Department. The 1987 collapse of a Kansas-based life insurance company left 14,000 Ohioans in jeopardy and underscored the importance of a Guaranty Fund. Through the Herculean efforts of Wayne Jones, Deputy Director of the Department, another insurer agreed to pick up the book of Ohio business and pay Ohio claims.

An issue of serious concern to the insurance industry and all Ohioans is the threat of AIDS. To address this issue, the Department established a Task Force comprised of members of the legislature, representatives of state agencies, the insurance industry, the medical profession, consumer groups, and the legal profession.

The Task Force will issue a report and recommendation in late 1987 concerning AIDS testing by insurance companies, underwriting guidelines, benefit limitations, and privacy issues.

Another Department Task Force is studying the misrepresentations of Medicare Supplement policies that are offered by T.V. celebrity hucksters.

The Department's concern is that older citizens are not misled into buying policies that fail to provide adequate and expected coverage.

Ohio remains one of the nation's leading insurance states. The following table shows the number and classifications of companies filing annual statements for the year 1986:

Respectfully submitted,

George Fabe
